DATE(S) AMENDED _____

The Board of Trustees recognizes that as a comprehensive community college, Community College District 522 shall provide programs and activities to enrich the lives of district residents, students and non-students alike, of all ages.

The College Activities Office, working cooperatively with other programming entities within the college, will develop a balanced program of education, social, recreational and cultural programs.

The Board of Trustee encourages the use of grants and programming partnerships with external agencies in an effort to maximize programs and activities.
