DATE(S) AMENDED December 2010

Southwestern Illinois College is committed to providing quality programs designed to assist community residents in achieving their highest educational potential. This commitment is reflected in the opportunities available to students whose secondary education was interrupted, to individuals whose first language is not English, to students who desire or need customized training, and to those students who wish to pursue structured leisure activities through non-credit classes. Adult Basic Education, Community Education and Selsius™ provide activities, programs and courses to address these needs.
